

Ready, Set, Go

Your first year with Keep Maine Beautiful.

READY

BEFORE THE BOX ARRIVES

- Return the signed enrollment agreement with your enrollment number. That tells us how many stickers to send.
- Name your School Crew Lead. One person, one contact, one set of numbers at year end.

SET

WHEN THE BOX ARRIVES

- Confirm you got it. A reply is enough.
- Inside: this card, the welcome letter, the Crew Lead card, the activity menu, and one acorn sticker for every student in your building.
- Put the stickers somewhere secure. They are earned later, not handed out at the assembly.

GO

YOUR LAUNCH

- Hold the assembly. One event, every student in the building. Two sittings or grade-level groups are fine.
- Then it belongs to your teachers. Art, math, writing, science, a project of a class's own design. Whatever fits the room.

THROUGH THE YEAR

Students earn their acorn when they finish what they set out to do. Not a grade, an accomplishment.

Send us work for the Classroom Gallery when you'd like to. Credited to the class or the school, never to a named child.

AT YEAR END

Your Crew Lead sends three numbers:

- Students in the building, confirmed at year end
- Students who did classroom work
- Pieces sent to the Gallery

That's the whole ask. We publish how we count, in plain language, on our website.

NEXT YEAR

Hold another assembly and you're current again. New year, new sticker, new stamp.
